

## REMARKS

In accordance with the foregoing, claims 1, 2, 12, 13, 25, 26, 37, 39, 44, 52 and 53 have been amended. Claims 11, 24, 36, 38 and 43 are cancelled. Claims 1-10, 12-23, 25-35, 37, 39-42 and 44-53 are pending and under consideration. Claims 2, 13 and 26 are objected to.

Independent claim 1 (used as an example herein) recites at least one heat radiating part to which the metal wiring layers are thermally connected and disposed to be remote from the heaters. It is respectfully submitted that the external lead 270 of Fasen, relied upon by the Examiner, does not radiate any heat. Cornell and Silverbrook do not overcome these deficiencies.

Accordingly, withdrawal of the rejections is requested.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
